

MAIN CONTRACTOR: KIZER ENERGY

FINAL CLIENT: SONANGOL – LOBITO REFINERY FEED

TIMELINE: 2022-2023

Prizma Consulting provided leadership and technical expertise supporting the Sonangol Lobito Refinery Project Management Team (PMT). Prizma Consulting provided its services under a contract with Kizer Energy, an industry leader in Operational Compliance and Readiness.

Prizma Consultant, working in an integrated team with Kizer consultants and Sonangol representatives, participated in several engineering and safety reviews conducted at Kellogg Brown and Root (KBR) the engineering contractor offices in Houston, Texas. The FEED was developed for a 200,000 BPD refinery to be built in Lobito, Angola. Prizma Consulting provided project engineering guidance and liaison with Sonangol representatives to facilitate the FEED deliverables cold eye review. Prizma project engineer coordinated the development of operational and value engineering comments through the Process Hazard Analysis (PHA) updates, the team also facilitated the Sonangol PMT approvals.
